

Investor Presentation

Q1-FY22

Safe Harbor

This document contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, including financial projections subject to risks, uncertainties and other factors that could materially affect our actual results. Actual results may differ materially from those indicated by such forward looking statements as a result of various important factors including, among others, competition, market demand, technological change, strategic relationships, recent acquisitions, international operations, general economic conditions, and including the potential effects of the coronavirus pandemic on any of the foregoing. Any forward-looking statements or financial projections represent our views only as of today and should not be relied upon as representing our views as of any subsequent date. We do not assume any obligation to update any forward-looking statements or financial projections. Further, our financial projections do not consider the impact of any pending or future changes to accounting pronouncements under US Generally Accepted Accounting Principles. For additional discussion of factors that could impact our operational and financial results, please refer to our Form 10-K for the fiscal year ended June 30, 2021, and subsequently filed Form 10-Qs and Form 8-Ks or amendments thereto.

Definitions and a reconciliation to the most directly comparable GAAP measures can be found on our investor relations site.

SaaS Platforms Driving Growth

Strong mix of growing subscription revenue

(1) Based on Fiscal 2022 guidance of \$445 million in subscription revenue and \$520 million of total revenue (guidance as of November 9, 2021)
 (2) Subscription revenue figured based on FY21 results

Predictable Top Line Growth

Total Revenue

94% of revenues are recurring providing a high level of visibility

(1) Based on Fiscal 2022 guidance of \$445 million in subscription revenue and \$520 million of total revenue (guidance as of November 9, 2021)
 (2) Recurring revenue figure based on FY21 results

Growing SaaS Business Investment Thesis

Growing SaaS Business

- Revenue mix is increasingly SaaS and subscription based
- Some traditional revenues remain and will continue based on product set and customer profile
- Shift away from traditional revenues masks overall strong growth in more valuable subscription revenue

(1) Based on Fiscal 2022 guidance of \$445 million in subscription revenue and \$520 million of total revenue (guidance as of November 9, 2021)

Growing SaaS Business

Subscription revenues
Targeting 15-20% Growth

- Current run rate of \$414 million in subscription revenue
- Executing on plan to drive consistent 15-20% subscription growth and achieve \$500 million subscription revenue in 2-3 years
- Focused product and GTM investments to expand TAM and drive future growth

Non-Subscription streams

(1) Based on Fiscal 2022 guidance of \$445 million in subscription revenue and \$520 million of total revenue (guidance as of November 9, 2021)
